ABOUT US

meditechcomponents@gmail.com

Meditech Components is a dedicated firm in the field of medical devices manufacturing and trading. The company has steadily expanded its presence in the healthcare sector. Meditech Components is a sister concern of Ajil Fibretech Pvt. Ltd., a trusted name with over 20 years of extensive expertise in ambulance manufacturing. Backed by this strong foundation, Meditech brings forward innovative solutions, reliable products, and a deep understanding of the healthcare market. By combining Ajil Fibretech's rich legacy and Meditech's focused expertise, we have built a strong presence, market knowledge and an established network across India. Our commitment is to deliver high-quality medical devices that support healthcare providers in saving lives and ensuring patient safety.
